

**THE EDUCATIONAL AND CULTURAL TRUST FUND
OF THE ELECTRICAL INDUSTRY**

CONDUIT BENDING SEMINARS

Qualified instructors will review and teach the conduit program. These seminars are geared to maximize productivity and safe work practices for members working as journeymen in the workplace. The curriculum will consist of three separate levels. These classes are held at our new training center located at 48-40 34th St., Long Island City, NY 11101.

Indicate the desired level and return this coupon to the Educational and Cultural Trust Fund, 158-11 Harry Van Arsdale Jr. Avenue – Fifth Floor, Flushing, NY 11365

- Level 1 - Basic Conduit Bending:** Basic techniques for hand benders. For EMT sizes ½ through 1¼"
- Level 2 - Intermediate Conduit Bending:** Formula methods for pre-position bends (saddles, parallel offsets, compound bends, etc.) on EMT only. EMT trade sizes ½ through 2"
- Level 3 - Advanced Conduit Bending:** Hydraulic benders and how they work. The 881 Hydraulic Bender and all its components. EMT sizes from 2½ through 4" conduit.

Attending journeymen will need to bring the following items to class:

Level, Wooden Stick Rule, Hacksaw, Pencil, Calculator and Work Gloves

All attendees must have union cards, proper work boots and attire.
