

Would you like to receive Joint Industry Board (“JIB”) notifications via email?

JOIN us and Go Green!

The Joint Industry Board of the Electrical Industry has launched the JIB Online Information Network (“JOIN”). JOIN allows you to receive certain JIB information and notifications via email instead of regular paper mail. It is important to remember that even a small change can make a significant impact on the world (and on your mailbox). By electing to receive important JIB notifications via JOIN instead of through the mail, you will cut down the amount of paper used, help the environment, and reduce the clutter in your mailbox. Once enrolled, you will receive an e-mail alert every time new information is being sent to you by JOIN.

Want to get started?

[Click here](#) and you are on your way!

Enrollment in JOIN does not eliminate your right to request and receive paper copies of certain benefit plan documents or notices free of charge.

**** If you wish to disenroll in the JOIN program at any time, please complete this form and submit via regular mail to the Joint Industry Board.****
