Dear Participant:

The Patient Protection and Affordable Care Act ("PPACA") requires group health plans such as the Employees' Security Fund of the Electrical Products Industries Health and Welfare Plan ("ESF") to furnish participants with a Summary of Benefits and Coverage or "SBC." The Summary of Benefits and Coverage is an 8-page summary of material provisions of a health plan in a uniform format.

Enclosed please find the Summary of Benefits and Coverage for the ESF. This document summarizes the key features of the plan such as covered benefits, cost-sharing provisions, and coverage limitations, coverage examples and exceptions and must conform to the PPACA's required language. **Please note that while such terms as "premiums," "co-insurance" and "deductibles" are required, they do not apply to your plan.**

For a more complete explanation of your plan's rules, covered benefits, cost-sharing provisions and exclusions, please refer to your Summary Plan Description, a copy of which can be found at www.jibei.org.

If you have any questions concerning this document, please contact the Hospitalization Department at the Joint Industry Board at (718) 591-2000, ext. 1350.

Sincerely,

The Joint Industry Board of the Electrical Industry

Summary of Benefits and Coverage: What this Plan Covers & What it Costs

This is only a summary. If you want more detail about your coverage and costs, you can get the complete terms in the policy or plan document at http://www.jibei.org/ee_secur_fund_med_plan.asp or by calling 1-718-591-2000

Important Questions	Answers	Why this Matters:
What is the overall deductible?	\$ O	See the chart on page 2 for your costs for services this plan covers.
Are there other deductibles for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services, but see the chart starting on page 2 for other costs for services this plan covers.
Is there an out-of- pocket limit on my expenses?	No.	There's no limit on how much you could pay during a coverage period for your share of the cost of covered services.
What is not included in the out-of-pocket limit?	This plan has no <u>out–of–pocket limit</u> .	Not applicable because there's no <u>out-of-pocket limit</u> on your expenses.
Is there an overall annual limit on what the plan pays?	Yes. \$2,000,000 for the Participant and separately for each eligible dependent.	This plan will pay for covered services only up to this limit during each coverage period, even if your own need is greater. You're responsible for all expenses above this limit. The chart starting on page 2 describes <i>specific</i> coverage limits, such as limits on number of office visits.
Does this plan use a network of providers?	Yes, but only for dental benefits. See http://www.ddsinc.net/ or call (800)- 255-5681 for a list of network dentists.	If you use an in-network provider , this plan will pay some or all of the costs of covered services. Be aware, your in-network provider may use an out-of-network provider for some services. Plans use the term in-network, preferred , or participating for providers in their network . See the chart on page 2 for how this plan pays different kinds of providers .
Do I need a referral to see a specialist?	No. You don't need a referral to see a specialist.	Specialists visits are not covered, [other than for some dental services]
Are there services this plan doesn't cover?	Yes.	Some of the services this plan doesn't cover are listed on page 5. See your policy or plan document for additional information about <u>excluded services</u> .

Summary of Benefits and Coverage: What this Plan Covers & What it Costs

- <u>Copayments</u> are fixed dollar amounts (for example, \$15) you pay for covered health care, usually when you receive the service.
- <u>Coinsurance</u> is *your* share of the costs of a covered service, calculated as a percent of the <u>allowed amount</u> for the service. For example, if the plan's <u>allowed amount</u> for an overnight hospital stay is \$1,000, your <u>co-insurance</u> payment of 20% would be \$200. This may change if you haven't met your <u>deductible</u>.
- The amount the plan pays for covered services is based on the <u>allowed amount</u>. If an out-of-network <u>provider</u> charges more than the <u>allowed</u> <u>amount</u>, you may have to pay the difference. For example, if an out-of-network hospital charges \$1,500 for an overnight stay and the <u>allowed</u> <u>amount</u> is \$1,000, you may have to pay the \$500 difference. (This is called <u>balance billing</u>.)
- This plan may encourage you to use In-Network providers by charging you lower deductibles, copayments and coinsurance amounts.

Your Rights to Continue Coverage:

If you lose coverage under the plan, then, depending upon the circumstances, Federal law may provide protections that allow you to keep health coverage. Any such rights may be limited in duration and will require you to pay a **premium**. Other limitations on your rights to continue coverage may also apply.

For more information on your rights to continue coverage, contact the plan at (718) 591-2000, ext. 2491. You may also contact the U.S. Department of Labor, Employee Benefits Security Administration at 1-866-444-3272 or <u>www.dol.gov/ebsa</u>, or the U.S. Department of Health and Human Services at 1-877-267-2323 x61565 or <u>www.cciio.cms.gov</u>.

Your Grievance and Appeals Rights:

If you have a complaint or are dissatisfied with a denial of coverage for claims under your plan, you may be able to **appeal** or file a **grievance**. For questions about your rights, this notice, or assistance, you can contact: The Joint Industry Board of the Electrical Industry, (718) 591-2000. You can also contact the Department of Labor's Employee Benefits Security Administration at 1-866-444-EBSA (3272) or www.dol.gov/ebsa/healthreform.

Coverage Examples

Coverage Period: 1/01/2013 – 12/31/2013

Coverage for: Individual & Family | Plan Type: PPO

About these Coverage Examples:

These examples show how this plan might cover medical care in given situations. Use these examples to see, in general, how much financial protection a sample patient might get if they are covered under different plans.

This is not a cost estimator.

Don't use these examples to estimate your actual costs under this plan. The actual care you receive will be different from these examples, and the cost of that care will also be different.

See the next page for important information about these examples.

Coverage Examples

Questions and answers about the Coverage Examples:

What are some of the assumptions behind the Coverage Examples?

- Costs don't include premiums.
- Sample care costs are based on national averages supplied by the U.S. Department of Health and Human Services, and aren't specific to a particular geographic area or health plan.
- The patient's condition was not an excluded or preexisting condition.
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from innetwork **providers**. If the patient had received care from out-of-network **providers**, costs would have been higher.

What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how **deductibles**, **copays**, and **co-insurance** can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn't covered or payment is limited.

Does the Coverage Example predict my own care needs?

No. Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor's advice, your age, how serious your condition is, and many other factors.

Does the Coverage Example predict my future expenses?

No. Coverage Examples are not cost estimators. You can't use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your providers charge, and the reimbursement your health plan allows.

Can I use Coverage Examples to compare plans?

✓ Yes. When you look at the Summary of Benefits and Coverage for other plans, you'll find the same Coverage Examples. When you compare plans, check the "Patient Pays" box in each example. The smaller that number, the more coverage the plan provides.

Are there other costs I should consider when comparing plans?

✓ Yes. An important cost is the premium you pay. Generally, the lower your premium, the more you'll pay in out-ofpocket costs, such as copays, deductibles, and co-insurance. You should also consider contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expenses.
